3.06 PAYMENT OF SPECIAL ASSESSMENTS BY THE CITY AS A LIEN AGAINST THE PROPERTY BENEFITTED

- (1) The Common Council has made the following findings of fact:
 - (a) In the interest of public health, safety, and welfare, it is often necessary to construct improvements in areas in which property owners reside for whom the payment of the special assessments for the improvements could constitute a severe financial hardship.
 - (b) Since Wis. Stat. s. 74.77 authorizes any city to direct the City Treasurer to pay any tax legally assessed against the real estate of any person, as defined in that statute, for whom such tax would be a financial hardship, this ordinance is adopted in order to exercise the power granted by that statute.
- (2) For the purposes of this ordinance, an individual described in Wis. Stat. s. 74.77 shall be defined as any individual who meets all of the following criteria:
 - (a) An individual owns and resides in a single-family or two-family residence, against which a special assessment has been levied in accordance with law.
 - (b) An individual who has an annual gross income equal to or less than 175% of the United States Community Services Administration's Poverty Guidelines most recently issued prior to the time the special assessment, or any installment of a special assessment, is placed on the tax roll.
 - (c) An individual who certifies to the City Treasurer in writing that the payment of the special assessment, or any installment of the special assessment, is a financial hardship, and that he or she qualifies under paragraphs (a), and (b), above.
- (3) The Common Council may, by resolution, direct the City Treasurer to pay the special assessment, or balance thereof, assessed against the residence of any individual who meets the criteria hereinabove specified.
- (4) A copy of such resolution, including a statement of the amount, date paid and description of the real estate, certified by the City Clerk, shall be recorded with the Register of Deeds of Dane County, and the amount shall thereby become a lien upon such real property in favor of the City prior to any other lien other than prior outstanding tax certificates or prior liens hereunder for the amount paid, with legal interest, and shall be enforceable upon transfer of title of the property by sale, inheritance, or will, in the manner provided by law for the enforcement of mechanic's liens, except when such transfer is to a surviving spouse who meets the above criteria.
- (5) The owner of such property, his or her heirs, personal representatives or assigns may discharge such lien at any time by paying the amount of such lien, with accrued interest, to the City Treasurer who shall execute a proper satisfaction which may be duly recorded with the Register of Deeds.

- (6) The holder of any other lien against said real estate may purchase such lien by payment of the amount thereof, with accrued interest, to the City Treasurer, who shall execute and deliver a proper assignment thereof to such payer and, upon recording said assignment, the assignee shall have the same rights which the City of Middleton had prior to the assignment.
- (7) The City Treasurer shall prepare a report of the financial impact of this ordinance for the preceding year to the Common Council.

Pursuant to Wis. Stats. 196.137 no utility customer information which serves to identify the customer individually by usage or account status shall be released without the customer's consent. No copies of any nature shall be mailed to any applicant unless prior arrangements are made with the City Clerk for the payment of postage.
 - (d) Preparation of a Zoning Letter which the City Planning Director/Zoning Administrator is hereby authorized and directed to prepare upon request and which shall include such information as the zoning classification of a property and acknowledgment of its legal conforming use. The authorization granted in this subsection shall not be deemed to authorize any cause of action against the City or any officer, employee or agent of the City for any erroneous information provided in a Zoning Letter, nor shall this paragraph be deemed to allow any information contained in a Zoning Letter to supersede the terms of the City Zoning Code or any other City Ordinance.

administrative costs relating to the insufficient payment. (O1442, 8/1/17)

Stats. § 66.0617 which are approved by the Common Council.

- (b) In the event that Wis. Stats. § 66.0617, or any successor statute, requires impact fee payments to be made later than at the time of building permit issuance, then any impact fees shall be payable no earlier than the earliest date allowed under State law. As of the effective date of this Ordinance, the earliest date of payment of impact fees is 14 days after issuance of building permits pursuant to Wis. Stats. § 66.0617(6)(g).
- (c) Any person failing to timely pay an impact fee due in full after issuance of a building permit shall be subject to summary revocation of said building permit the day after the impact fee was due in full.
- (d) The Common Council may authorize the payment of impact fees otherwise payable in full in installment payments. If installment payments are authorized, interest shall be paid on the installment payments at the same rate charged by the City on installments of special assessments.
- (e) Pursuant to Wis. Stats. § 66.0617(7), the Common Council shall have the right to provide for an exemption from, or a reduction in the amount of, any impact fees on land development that provides low-cost housing, except that no amount of any impact fee for which an exemption or a reduction is provided may be shifted to any other land development in the City. Any such exemption or reduction in impact fees otherwise due shall be provided by the Common Council in a subsequent Ordinance.

(8) Review of Impact Fees

The Finance Director shall report annually to the Common Council with respect to all deposits, withdrawals and fund balances in the impact fee funds. The purpose of this report is to provide the Common Council with information necessary to determine that all fees collected are spent within the time required for the purpose intended and that the amount of fees imposed continues to represent an equitable and reasonable apportionment of the cost of public improvements and requirements generated by land development. Upon such consideration and for such purposes, the Common Council may make reasonable adjustments to the amount of such fees and determine whether there exists any reasonable need for refund of fees previously collected. Any such adjustment or refund shall be by Ordinance. In addition, irrespective of the preceding sentence, all impact fees imposed shall be adjusted annually as of January 1st of each year commencing January 1, 2009 by the Finance Director utilizing the Engineering News Record Construction Cost Index for the previous 12 months. The Finance Director shall maintain a copy of the calculation and adjusted impact fees.

(9) Appeals

A developer may appeal to contest the amount, collection or use of impact fees in the manner provided herein:

- (a) It shall be a condition to the commencement of such an appeal that the impact fee from which the developer appeals shall be paid as and when the fee or any installment thereof becomes due and payable and, upon default in making any such payment, such appeal may be dismissed.
- (b) The only questions appealable under this section are the following, as authorized by Wis. Stats. § 66.0617(10):
 - i. The amount of fee charged and paid by the developer;
 - ii. The method of collection of the impact fee; and
 - iii. The use to which the particular fee paid by the developer is made by the City.
- (c) Appeals must be brought within 15 days of the date of payment of the impact fee.

- (d) The appellant shall pay a filing fee of \$200.00 at the time of filing the appeal. The notice of appeal shall be filed with the City Clerk.
- (e) Following the filing of the notice of appeal, the City Clerk shall compile a record of the Ordinance imposing the impact fee that is the subject of the appeal, a record of the management and expenditure of the proceeds of the impact fee and shall transmit these documents to the City Administrator. In consultation with the City Departments, the Clerk shall also compile a report on each appeal in which the appellant is seeking a reduction or refund in the impact fee paid. This report shall specify the fiscal impact on the City of Middleton if the appeal overturns the impact fee. If the fiscal impact report indicates that the appeal, if successful, will cause a revenue shortfall that otherwise was not budgeted with respect to the specified public facility, and if this revenue shortfall cannot be reconciled by the reduction in impacts caused by development on the appellant's property, the report shall estimate whether it will be necessary for the City to adjust impact fees or amend existing Ordinances to recover the proposed revenue shortfall.
- (f) The Common Council shall hold a public hearing on the appeal, preceded by a Class 1 notice, and provide a fair opportunity for the appellant to be heard. The burden shall be on the appellant to establish illegality or impropriety of the impact fee from which the appeal has been taken. Following the close of the public hearing, the Common Council shall deliberate upon the matter, and shall conduct such studies and inquiries as it deems appropriate to decide the appeal.
- (g) If the Common Council determines that the appeal has merit, it shall determine appropriate remedies. These may include reallocation of the proceeds of the challenged impact fee to accomplish the purposes for which the fee was collected, refunding the impact fee in whole or in part, along with any interest collected by the City thereon, or granting the appellant the opportunity to make the impact fee payment in installments, or such other remedies as it deems appropriate in a particular case.

(10) Definitions

(a) Capital Costs

The capital cost to construct, expand or improve public facilities, including the cost of land, and including legal, engineering and design costs to construct, expand or improve public facilities, except that not more than 10% of capital cost may consist of legal, engineering and design costs unless the City can demonstrate that its legal, engineering and design costs relate directly to the public improvement for which the impact fees were imposed actually exceed 10% of the capital costs. Capital costs do not include other non-capital costs to construct, expand or improve public facilities, the costs of equipment to construct, expand or improve public facilities, or the cost of any vehicles.

(b) Developer

A person that constructs or creates a land development.

(c) Impact Fees

Cash contributions, contributions of land or interest in land or any other item of value that are imposed on a developer by the City under this section.

(d) Land Development

The construction or modification of improvements to real property that creates additional residential dwelling units within the City or that results in non-residential uses that create a need for new, expanded or improved public facilities within the City.

(11) Exemptions

(a) Purpose

It is the established policy of the City of Middleton to encourage the development of owner occupied housing for a range of incomes, to protect and preserve the community's investment in existing housing and neighborhoods. To further these goals, the City of Middleton supports programs to encourage affordable housing alternatives in the City. To the extent impact fees impose a burden upon such programs, the Common Council has determined that it is in the public interest to exempt housing involved in such programs from impact fees or provide rebates where appropriate.

(b) Housing Programs Eligible For Exemption

Any property constructed pursuant to any of the following programs or policies shall be entitled to an exemption or rebate of impact fees imposed upon the subject property:

1. City of Middleton Workforce Housing Agreement;
2. City of Middleton Down Payment Assistance Program;
3. Dane County Housing Authority Down Payment Assistance Program;
4. Wisconsin Partnership for Housing Development Down Payment Plus Advantage Program;
5. Federal Low Income Housing Tax Credits. Exemption shall be granted only in proportion to the number of rent restricted units provided.
6. Habitat for Humanity.

(c) Exemptions. How Granted

Impact fees shall be waived by Workforce Housing Agreement in new developments for each dwelling unit reserved for qualifying homebuyers earning eighty (80) percent or less than the area median income. For other programs, the City Administrator shall notify the appropriate officers or employees charged with the administration of each eligible program and coordinate with such individuals in developing policies to ensure that when a residential unit is constructed pursuant to an eligible program that impact fees are not charged at the time the building permit is issued. Such policies may require the eligible recipient of program benefits to provide any reasonable documentation appropriate to the applicable program to prove eligibility. Although the City Administrator and his or her designees shall make every effort to ensure fees are not charged where an eligible program warrants exemption, it shall be the ultimate responsibility of the eligible recipient of program benefits to ensure impact fees are not charged and that adequate support for the exemption is provided.

3.12 FEE SCHEDULE

Except as expressly established elsewhere in this Code or by superseding state statute, the fees for City issued licenses, permits, and various City regulatory applications and services are hereby established as set forth in the Fee Schedule as set forth in Appendix A to this Chapter.

3.13 INTEREST ON SPECIAL ASSESSMENTS

(1) Statement of Purpose, Findings

The purpose of this ordinance is to ensure that contractors doing business with the City of Middleton under certain public works contracts, service contracts, and contracts for financial assistance provide benefits for their employees in domestic partnerships that are equal to the benefits provided for similarly-situated employees who are married. The Common Council finds that City funds should support employers that offer equal compensation, including benefits, to all employees, including employees in a domestic partnership. The Council finds that the equal benefit requirements of this ordinance ensure that City funds are used responsibly and with contractors who reflect values that the City shares while also meeting requirements that public construction contracts be awarded to the

lowest responsible bidder. The requirements of this ordinance are for the protection and welfare of the public in the performance of all public contracts.

(3) Equal Benefits Requirement

(a) Applicability

This ordinance shall apply to the following types of contracts: Service Contracts, contracts for City Financial Assistance, and Public Works Contracts.

(b) Requirement to Provide Equal Benefits

All Contractors shall offer and provide benefits to employees with domestic partners that are equal to the benefits offered and provided to married employees with spouses. If a benefit would be available to the spouse of a married employee or to the employee based on his or her status as a spouse, the benefit shall also be made equally available to a domestic partner of that employee, or to the employee based on his or her status as a domestic partner. Equal availability shall include extending benefits to the dependents of a domestic partner if benefits would be available to the dependents of the employee or spouse. If, after making a reasonable effort to provide an equal benefit as required by this paragraph, the contractor is unable to provide the benefit, the contractor shall provide the employee with the cash equivalent of the benefit.

(c) Exemptions

The following contracts shall be exempt from the requirements of this ordinance:

1. Contracts for the purchase of goods or supplies only.
2. Contracts necessitated by or resulting from an emergency which will not permit the delay required to assure compliance with this ordinance.
3. A contract with a contractor whose employees are under a collective bargaining agreement that was in effect prior to the effective date of this ordinance, however, the contractor must agree to propose to the applicable collective

bargaining unit that an equal benefit requirement consistent with this ordinance be incorporated into the next collective bargaining agreement or into the existing agreement upon amendment, extension or other modification that occurs after the effective date of this ordinance.

4. Contracts for donations to the City.
5. Contracts With Other Municipalities. For purposes of this ordinance, “municipalities” shall include all units of government listed in Wis. Stats. § 66.0301, inclusive of future amendments.
6. Contracts with the State of Wisconsin, the University of Wisconsin, and the Area Board of any Vocational, Technical and Adult Education District.
7. Contracts with the United States of America and individual agencies of the U.S. government.
8. Contracts for the sale or purchase of real property, including through the exercise of eminent domain and the payment of related relocation benefits.

10. Agreements with bond underwriters and agreements with financial institutions where the agreement relates to the City’s borrowing.
11. A contract for services if the services are determined to be available from only one person or firm.
12. If a competitive selection process was used for a contract to which this ordinance applies and the responses demonstrate that none of the bidders or applicants can comply with this ordinance, and one or more of the bids or applications would have been responsive if compliance with this section was not required, the contract may be re-bid or new applications sought without the requirements of this ordinance. If a contract is awarded as a result of a re-bid or call for new applications under this paragraph, that contract will be exempt from the requirements of this ordinance.
13. Contracts to which this ordinance would apply that were in effect prior to June 28, 2013.
14. (4) Proof of Domestic Partner Status

Contractors with employees who reside in Wisconsin may require those employees to sign and file a Declaration of Domestic Partnership in conformance with Wis. Stats. Ch. 770 and register accordingly with their local County Clerk, as a prerequisite to providing equal benefits under this ordinance. Contractors with employees who reside outside of Wisconsin may require those employees to provide

proof of an equivalent registration or other procedure in the jurisdiction where the employee resides, if available. If none is available in the jurisdiction where the employee resides, the Contractor shall recognize a domestic partnership meeting the definition of domestic partnership in this ordinance.

(5) Mandatory Contract Language

All contracts to which this ordinance applies shall include the following language and the contractor, before any such contract may become effective, supply a certificate of compliance therewith:

Equal Benefits Requirement. For the duration of this Contract, the Contractor agrees to offer benefits to employees with domestic partners that are equal to the benefits offered to married employees with spouses, as defined by and in compliance with Section 3.13 of the City of Middleton Code of Ordinances. If a benefit would be available to the spouse of a married employee, or to the employee based on his or her status as a spouse, the benefit shall also be made available to a domestic partner of an employee, or to the employee based on his or her status as a domestic partner. Equal benefits shall include benefits to the dependents of a domestic partner if benefits would be available to the dependents of the employee or spouse.

Cash Equivalent. If after making a reasonable effort to provide an equal benefit for a domestic partner of an employee, the contractor is unable to provide the benefit, the contractor shall provide the employee with the cash equivalent of the benefit.

Proof of Domestic Partner Status. The Contractor may require an employee to provide proof of domestic partnership status as a prerequisite to providing the equal benefits.

Notice Posting, Compliance. The Contractor shall post a notice informing all employees of the equal benefit requirements of this Contract, the complaint procedure, and agrees to produce records upon request of the City Subcontractors (Public Works Contracts Only). Contractor shall require all subcontractors, the value of whose work equals or exceeds \$25,000 or 20% of the total labor costs of the contract, whichever is less, to provide equal benefits in compliance with Section 3.13 of the City of Middleton Code of Ordinances.

Subcontractors (Recipients of City Financial Assistance Only). This requirement also applies to employees of contractors hired by the Recipient who expend at least twenty (20) hours a week at the project site funded by City financial assistance.

Subcontractors (Service Contracts Only). Contractor shall require all subcontractors, the value of whose work is twenty-five thousand dollars (\$25,000) or more, to provide equal benefits in compliance with Section 3.13 of the City of Middleton Code of Ordinances.

(6) Monitoring and Enforcement

(a) Posting of Notice

While the contract is in effect, all contractors or recipients of City financial assistance to which this ordinance applies shall post notices explaining the equal benefits requirement under the contract and the procedure for filing a complaint under this ordinance, in prominent locations at the workplace where it can be viewed by all employees.

(b) Complaints

Any person may file a complaint with the City Administrator that a contractor is in violation of the terms of the contract or this ordinance. The City Administrator shall investigate or cause to be investigated any such complaint and shall report the findings to the Common Council.

(c) Record-Keeping and Production of Records

All contractors and recipients of City financial assistance shall keep full and accurate records of benefits provided or cash equivalents paid to employees under this ordinance. If a complaint is filed with the City under sub. (b), the Contractor shall provide upon the City's request access to all records relevant to compliance with this ordinance and shall require their subcontractors to allow the same access. Contractors shall provide such records to the City Administrator within ten (10) business days of the date requested in

writing and shall permit the City access during normal business hours to the above records, as well as access to persons who may have information relevant and necessary to ascertain compliance with this ordinance, within ten (10) business days of the date requested in writing.

(d) Violation, Remediation, and Sanctions

The City Administrator shall inform the contractor if a complaint has been filed under this ordinance or a violation has been determined to exist, and in addition to examining the contractor's records, the City may discuss the violation with the Contractor. The purpose of the discussion is to encourage the Contractor to change its practices to achieve compliance. The City may, at its sole option, prescribe appropriate measures for the Contractor to take in order to comply with the Ordinance and may agree, in writing, to a compliance plan which shall be incorporated as an amendment to the contract. If the Contractor or subcontractor fails to comply with this ordinance as made applicable through the contract, the City at its option may do any or all of the following:

1. Cancel, terminate, suspend or non-renew the contract in whole or in part.
2. Declare the contractor ineligible for further City contracts or disqualify the Contractor from bidding or submitting proposals on City contracts or applying for City Financial Assistance.
3. Recover on behalf of the City from the prime Contractor 0.5 percent (.5%) of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or five thousand dollars (\$5,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime Contractor in the manner described herein. The preceding sentence shall not be construed to prohibit a prime Contractor from recovering the amount of such damage from the non-complying subcontractor.

(e) Submission of False Information

Any person who has been found by the City to have submitted any false, misleading or fraudulent information to the City regarding compliance with this ordinance during the term of this contract or an investigation of a complaint under this ordinance may be subject to any of the above sanctions.

(f) No Waiver

Nothing in this subsection shall be construed as a waiver or limitation of the City's remedies under an existing contract or other remedies available at equity or at law.

(7) Effective Date and Applicability to Existing Contracts

This ordinance shall take effect on June 28, 2013, and apply to contracts executed, extended, or renewed by the City on or after that date. No existing contract to which this ordinance applies shall be extended or renewed on or after June 28, 2013, unless the requirements of this ordinance are incorporated into the contract or the contract is determined to be exempt.

(8) Penalty

In addition to any of the sanctions set forth elsewhere in this ordinance, any person who violates any portion of this ordinance or fails to comply with any of its requirements shall, upon conviction hereof, be subject to a forfeiture of not less than one-hundred dollars (\$100) and not more than one thousand dollars (\$1,000), plus costs. Each day or portion thereof that such violation continues shall be considered a separate offense. Prosecution of a forfeiture action for a violation of this ordinance shall not preclude imposition of other sanctions listed above, nor shall the imposition of such sanctions be construed as a limitation on prosecution.

3.14 DISTRIBUTION OF STATE SCHOOL LEVY CREDIT, LOTTERY CREDIT, AND FIRST DOLLAR CREDIT

- (1)** The City Finance Director shall notify the Wisconsin Department of Administration to distribute the amounts of the school levy tax credit under Wis. Stats. §79.10(4), the lottery and gaming credit under Wis. Stats. §79.10(5) and the first dollar credit under Wis. Stats. §79.10(5m) in the manner otherwise required for County Treasurers pursuant to Wis. Stats. §79.10(7m)(a) and (b).
- (2)** This Ordinance shall be effective upon passage and publication. Thereafter, the City Clerk shall provide a copy of this Ordinance to the Wisconsin Department of Administration and the Wisconsin Department of Revenue as soon as possible.

3.15 WEIGHTS AND MEASURES

The City of Middleton shall contract with the Wisconsin Department of Agriculture, Trade and Consumer Protection to comply with its obligations pursuant to Wis. Stats. Chap. 98. The costs imposed upon the City under such contract shall be assessed to those persons receiving testing, inspection, enforcement and other services thereunder. Any fees assessed shall be collected by invoice sent to the person receiving services. In the event the invoice is not timely paid, the fees shall be collected as a special charge against the property where the inspected, tested or serviced equipment was located pursuant to Wis. Stats. §66.0627. (O1603, 7/5/23)
