## Your Voice: Committee Member Role

"Being a member of the Arts Committee has given my voice an opportunity to be heard as a Latina artist that cares about community and social justice. I am passionate about using Art to enrich and beautify our neighborhoods, and using it as a tool to bring people from all backgrounds together"

- Maria Amalia Wood, Arts Committee

"I am passionate about volunteering and what better way than serving on a city committee that affects the wellbeing of my community."

- Chris Morris, Library Board

"I'm so proud to serve as the high school representative on our city's Sustainability Committee and am excited to be a part of Middleton's journey to greater sustainability."

- Daphne Joyce Wu, Sustainability Committee

"As a Latino business owner and local resident, becoming involved through the Tourism Commission was a great fit. I bring a unique perspective to the table. My participation isn't only in my best interest professionally, it's also very fulfilling personally."

- Jose Garcia, Tourism Commission
